**CHECK
IT OUT...
DAY 1!**

David wrote all kinds of songs and poems to God. In fact, most of the Book of Psalms was written by King David himself! Some of the Psalms are actual songs, too!

Ask a parent to help you find these words or the letters to make up these words in a magazine.

CUT OUT the words and use them to create a poem or the chorus of a song about God! When you're done, make your mark by posting it somewhere for everyone to see!

READ Psalm 33:14-15

Ask God to guide you so you can make your mark like David did!

**Dance Party
on DAY 3!**

One time, David was so excited about God that he "danced before the Lord with all his might," in front of everyone in the kingdom. He didn't care how he looked! He was just letting loose and praising God! That must have left a mark on EVERYONE who saw him!

Have your very own dance party! Alone in your room or with your family, turn up the music loud and go nuts! Do the silliest moves you can imagine and just have fun!
